

Follum rail terminal at Treklyngen industrial park, Hønefoss

Version of 6. July 2021

GENERAL

Follum rail terminal is part of a private industrial area. Land area and terminal tracks are owned and by Treklyngen industrial park. Main track and overhead contact lines are owned and operated by BaneNor. The terminal is located on the Hen industry line, north of Hønefoss station. The main traffic is currently timber and wood chips for the Nordic wood, pulp and paper industry. The terminal has spare capacity for industry goods, containers or similar traffic.

Norw.: Follumterminalen er en privat tømmer-, flis- og godsterminal for Treklyngen industripark. Terminalen ligger på linja til Hen, nord for Hønefoss. Terminalen håndterer tømmer- og flistog, og har kapasitet til å laste, losse og lagre annet gods. Noe ledig kapasitet for stykkgoods, større industrivarer, containere.
